**ABIES**

**balsamea**  
*Balsam Fir*

Slow growing, with aromatic, soft, bright green needles. A popular variety of Christmas tree or as a specimen.

150cm WB  
175cm WB  
200cm WB  

**balsamea 'Nana'**  
*Dwarf Balsam Fir*

Slow growing, dwarf version. Soft green needles. Ideal for small gardens.

2g  

**CHAMAECYPARIS**

**nootka 'Pendula'**  
*Weeping Nootka False Cypress*

Slow growing, with lighter green, gracefully draping foliage. A stately tree that develops gently swooping, horizontal branches that broaden out, becoming wider at the base.

150cm  
10g  

**pisifera filifera 'Aurea Nana'**  
*Dwarf Golden Threadleaf False Cypress*

This variety is more compact than Golden Threadleaf and does not burn in full sun. Gold, thread-like leaves on drooping branches.

3g  

**pisifera filifera 'Golden Mops'**  
*Golden Mops False Cypress*

A low, mounding form with brilliant gold foliage. Grow in full sun for best colour.

3g  

**JUNIPERUS (SPREADING)**

**chinensis 'Gold Coast'**  
*Gold Coast Juniper*

Low, compact, spreading gold foliage that is lacy in appearance. Looks particularly nice as a winter groundcover. Drought tolerant when established.

3g
**evergreens**

**chinensis 'Monlep'**  
*Mint Julep Juniper*  
1.5m 1.5m  
Compact habit with appealing, arching branches. Foliage is a brilliant mint green.

3g

**chinensis 'Hetzii' Pompom**  
*Pom Pom Juniper*  
1m 2m  
Green foliage pruned into pompons. Wider than tall with 5-7 branches emerging from a central base.

7g

**chinensis 'Old Gold'**  
*Old Gold Juniper*  
60cm 1m  
Slow growing, compact spreader with golden, lacy growth.

3g

**horizontalis 'Blue Chip'**  
*Blue Chip Juniper*  
20cm 1.2m  
Fine feathery, silver-blue colour foliage. Low mounding and spreading habit.

3g

**horizontalis 'Monber'**  
*Ice Blue Juniper*  
10cm 2.5m  
Ground-hugging plant featuring steely-blue foliage all season long, reasonably compact; extremely adaptable and hardy. Purple tinged tips.

3g

**horizontalis 'Plumosa Compacta'**  
*Compact Andorra Juniper*  
50cm 1.5m  
Compact spreader with dense foliage. Bright green spring growth, deep green in summer, bronze-green in fall and bronze-purple winter colour. Good plant for contrast.

3g
horizontalis 'Prince of Wales'  
*Prince of Wales Juniper*

The low branches spread from the center in a starburst pattern that creates a soft, very dense plush carpet. Purple tinge in colder months.

3g

horizontalis 'Wiltonii'  
*Blue Rug Juniper*

Forms a dense, low mat with blue foliage that turns a purplish-bronze in winter. Ideal as a ground cover.

3g

procumbens 'Nana'  
*Japanese Garden Juniper*

Blue-green foliage that arches gracefully at the tips. Adaptable and slow growing with blue berries late spring to winter.

3g

sabina  
*Savin Juniper*

A very hardy evergreen. Adaptable for tough city conditions. Semi-upright growth habit.

3g

sabina 'Monna'  
*Calgary Carpet Juniper*

A low growing, spreading evergreen with attractive overlapping branches and soft green foliage.

3g

sabina 'Skandia' NEW  
*Skandia Juniper*

Dwarf, low growing juniper. Grey-green foliage retains colour all year. Low maintenance

3g
squamata 'Blue Star'
*Dwarf Blue Star Juniper*

Bushy, loosely dome-shaped form. Slow grower with silvery-blue, prickly foliage. One of the most popular compact junipers.

3g

**JUNIPERUS (UPRIGHT)**

chinensis 'Spartan'
*Spartan Juniper*

Dark green and densely branched foliage make this an excellent accent plant. Fast growing and tolerant of urban conditions.

125cm7g

communis 'Gold Cone'
*Gold Cone Juniper*

Narrow, upright with golden new growth. Gradually fades to bluish-green in winter. Likes well drained soil. Deer resistant.

60cm5g

scopulorum 'Wichita Blue'
*Wichita Blue Juniper*

125cm7g

virginiana 'Blue Arrow'
*Blue Arrow Juniper*

Blue foliage and dense, narrow form. Upright branching.

125cm7g

**LARIX**

laricina NEW
*Tamarack*

Fast growing, deciduous conifer. Green needles change to showy yellow in fall prior to shedding. Good for wet boggy areas. Native.

175cm5g
**decidua 'Pendula'**
*Weeping European Larch*

Soft green, weeping foliage with a yellow fall colour. Great by water features.
120cm7g

**MICROBIOTA**

**decussata**
*Siberian Carpet Cypress*

Juniper-like, flat spreader. Fast growing ground cover with green foliage that turns bronze in the fall. Feathery green foliage.
2g

**PICEA**

**abies**
*Norway Spruce*

Very tall, dense and rapid growing tree. Horizontal branches with pendulous branchlets. Used well as windbreaks.
150cmWB
175cmWB
200cmWB

**abies 'Cupressina'**
*Columnar Norway Spruce*

175cmBB

**abies 'Nidiformis'**
*Nest Spruce*

Small, dense, spreading shrub that develops a nest-like appearance. Low and broad growing. Slow growth habit.
3g

**abies 'Pendula'**
*Weeping Norway Spruce*

Weeping form of Norway Spruce. Mature height and spread vary by specimen. Staking will encourage height.
80cm3g
evergreens

**glauc**

*White Spruce*

Uniform, conical crown with branches that spread slightly downward. Very hardy and shapely tree with dark green foliage. Useful as a windbreak or a specimen.

150cmWB
175cmWB
200cmWB

**glauc** var. 'Albertiana/Conica'

*Dwarf Alberta Spruce*

A narrow, conical shaped tree with green needles that have a tight, densely-packed growth. Slow growing and hardy.

40cm3g

**glauc** 'North Pole' NEW

*Columnar White Spruce*

Narrow forming spruce with light, blue-green needles. Exceptionally hardy.

100cm7g

**omorika**

*Serbian Spruce*

Very narrow form with drooping branches. Dark green with new growth that is blue underneath with a white stripe. Slow growing.

150cmWB
175cmWB
200cmWB

**pungens** 'Baby Blue Eyes'

*Baby Blue Eyes*

80cm7g

**pungens** 'Fat Albert'

*Fat Albert Spruce*

Slow growing, dense, broad, upright pyramidal shape with steel-blue needles.

90cm7g
**pungens 'Glauca'**
*Colorado Blue Spruce*

Medium sized tree with blue tinted, grey-green needles. Nice specimen by water or in groups.

- 150cmWB
- 200cmWB
- 250cmWB

**pungens 'Glauca Globosa' Std**
*Globe Blue Spruce Std*

Standard dwarf spruce with steel-blue, prickly needles. Beautiful tiered branches that spread to sides forming a globe shape.

- 100cm7g

**pungens 'Glauca Globosa'**
*Globe Blue Spruce*

Dwarf, rounded form of blue spruce. Stiff, bristly needles. Silver-blue colour throughout the season. Wider than tall.

- 40cm5g

---

**PINUS**

**mugo var. Pumilio**
*Dwarf Mugho Pine*

Dwarf, compact, dense shrub that is slow growing and hardy. Prune candles to keep tight and maintain dense habit.

- 3g
- 50cm5g

**strobus**
*Eastern White Pine*

- 125cm7g
- 150cmWB
- 175cmWB
- 200cmWB
evergreens

**TAXUS**

**TAXUS cuspidata 'Aurescens'
Golden Japanese Yew**

Slow growing, spreading with intense spring golden coloured needles. Prefers moist, sandy-loam. Protect from cold winter winds.

30cm3g

**TAXUS cuspidata 'Capitata'
Clipped Pyramidal Yew**

Pyramidal with rich, dark green needle foliage. Dense, slow growing and hardy. Trims well.

80cm8g

**TAXUS cuspidata 'Nana'
Dwarf Japanese Yew**

Slow growing, dwarf-spreading with dark green needles. Prefers moist, sandy-loam. Protect from cold winter winds.

3g

**x media 'Densiformis'
Dense Yew**

Broad, compact, slow growing variety that can become an effective hedge.

3g

50cm5g

**x media 'Hicksii'
Hicks Yew**

Dense, upright, narrow habit with bright green emerging foliage that becomes dark green. Makes a great hedge and takes pruning very well.

3g

60cm6g

**THUJA**

**THUJA occidentalis (bare root)
White Cedar**

Bare root native cedars, dug to order. Pre-payment required.

2ft4

3ft4

4ft4

5ft4

6ft4
evergreens

**occidentalis 'Degroots Spire'**

*Degroots Spire Cedar*

Pencil-thin, spire-like evergreen with a spiraling growth tendency. Hardy and adaptable with green, fine textured foliage.

- 125cm: 5g
- 175cm: 10g

**occidentalis 'Fastigiata'**

*Pyramidal Cedar*

Tall, slender and compact growth. The dense foliage is bright green becoming darker as the plant matures. Prune early in the season before new growth.

- 100cm: 7g
- 175cm: 15g

**occidentalis 'Golden Globe'**

*Golden Globe Cedar*

Dense, rounded ball-shape evergreen featuring showy, gold foliage all season.

- 3g

**occidentalis 'Smaragd'**

*Emerald Cedar*

Bright, emerald green, dense, pyramidal cedar. Great as a specimen or in groupings. Grows about a foot a year.

- 125cm: 5g
- 150cm: 7g
- 175cm: 10g

**occidentalis 'Hetz Midget'**

*Hetz Midget Cedar*

Round and compact plant that retains its shape naturally. Reliable green colour throughout winter.

- 3g

**occidentalis 'Jantar'**

*Amber Gold Cedr*

Semi-dwarf, slow growing with yellowish-orange spring foliage turning to green. Prefers well-drained soil.

- 100cm: 5g
TSUGA

canadensis
Eastern Hemlock

Graceful, slow growing native evergreen. Fragrant foliage has a soft, fine texture.

150cmWB
175cmWB
200cmWB
AZALEA

Northern Lights Series
One of the hardiest, colourful shrubs developed for North American gardens. Flowers appear before the leaves open in mid to late spring.

Mandarin Lights (orange)
Bright, mandarin orange blooms.

Northern Hi-Lights (creamy-yellow)
Scented, creamy-yellow flowers with a deeper yellow flare.

Rosy Lights (hot pink)
Hardiest of the series. Showy, lilac pink to lavender flowers.

BUXUS

x 'Green Gem'
Green Gem Boxwood
Globular shape and excellent winter hardiness. Glossy, dark green leaves hold colour well in winter.

x 'Green Velvet'
Green Velvet Boxwood
A full-bodied shrub, great for hedging or as a specimen.

COTONEASTER

dammeri
Bearberry Cotoneaster
Fast growing, semi-evergreen spreader with trailing branches that root. This ground cover has white flowers in spring and red berries in the fall.
**EUONYMUS**

**Euonymus fortunei 'Coloratus'**

Purple-leaf Wintercreeper

Green leaves in spring and summer turn to purplish-red in fall. Does not loose its leaves in winter. Prostrate stems form roots.

2g

**Euonymus fortunei 'Emerald Gaiety'**

Emerald Gaiety Euonymus

Very dense branching habit. Foliage has pure white margins against dark green centers. White margin turns pink in the fall.

2g

**Euonymus fortunei 'Moonshadow'**

Moonshadow Euonymus

Deep green leaves have a large bright yellow blotch in the center. Forms a compact spreading plant.

2g

**Euonymus fortunei 'Roemertwo'**

Goldsplash Euonymus

Large, rounded leaves with gold to creamy-yellow margins and dark green centre. Fast growing, but compact, this plant maintains its variegation better than some older varieties which could revert.

2g

**EUONYMUS**

**Euonymus fortunei 'Coral Beauty'**

Coral Beauty Cotoneaster

Dense, prostrate branches covered with shiny green foliage. The purple tinge to fall foliage enhances the profusion of coral red berries.

2g

**Euonymus fortunei 'Emerald Gaiety'**

Bigleaf Emerald Gaiety Euonymus

Very dense branching habit. Foliage has pure white margins against dark green centers. White margin turns pink in the fall.

2g
broadleaf evergreens

**RHODODENDRON**

**ELEPIDOTE (large-leaved)**

Elepidotes are large leaved and do not have scales on the underside of the leaf. Plants can get very large in maturity in warmer climates.

50cm3g

**Cunningham White**

Pink buds open to white flowers with pale yellow center.

**Nova Zembla**

Large clusters of dark red flowers. Cold and heat tolerant.

---

**LEPIDOTE (small-leaved)**

Lepidotes have smaller leaves and are usually low growing or dwarfs. Tiny scales cover the undersides of the leaves and usually bloom earlier in the spring than large leaved.

50cm3g

**PJM Compacta**

The PJM series has a smaller growth habit and good winter hardiness. Compact, rounded, small leaved, evergreen shrub. Lavender-pink flowers bloom in clusters and foliage is leathery, dark green, turns purple in winter.

**PJM Elite**

Vigorous, tall grower that bears many vivid, showy, rich pink flowers in spring.
broadleaf evergreens

YUCCA

filamentosa
*Adam's Needle*

Low maintenance, drought resistant plant. Dark green, upright pointed leaves with a tinge of blue. White, bell-shaped flowers in summer.

2g

filamentosa 'Golden Sword'
*Adam's Needle*

Boldly striped, sword-like leaves topped by tall spikes of fragrant, ivory white blooms. Forms a dramatic upright clump with age.

1g
ACER

**ginnala**
*Amur Maple*

Glossy, green leaves change to fall shades of yellow, orange and red. Extremely hardy, rounded habit. Limited stock available.

250cm 16g

**ginnala 'Flame'**
*Flame Amur Maple*

Glossy, light green leaves in spring change to a brilliant fiery red in fall. Cold hardy, rounded habit.

250cm 15g
45mm WB

**palmatum 'Atropurpureum'**
*Clump Redleaf Japanese Maple*

Burgundy red foliage turns brilliant scarlet in fall. Blackish red bark for winter interest. One of the hardiest with good sun tolerance.

80cm 3g

**palmatum 'Bloodgood'**
*Bloodgood Japanese Maple*

New foliage emerges red and retains colour in fall. Horizontal branching habit. Thrives in partial shade and moist soil.

120cm 7g

**palmatum dissectum 'Inaba Shidare'**
*Red Select Japanese Maple*

Tiered, weeping habit on a dwarf plant. Fast grower with delicate, lacy, burgundy leaves in summer turning crimson in fall.

100cm 7g

**palmatum 'Wolff'**
*Emperor I Japanese Maple*

Attractive red foliage turns brilliant scarlet in fall. Interesting blackish red bark. Leaf buds open later in spring.

120cm 7g
pseudosieboldianum 'Ice Dragon' **NEW**

**Ice Dragon Maple**

Spring leaves are orange-red, green in summer and stunning yellow, orange and red in the Fall. Survived west exposure at Greenlife for four years.

3g

platanoides 'Crimson King'

**Crimson King Maple**

Purple leaf tree that holds its foliage colour throughout the season. Dense shade tree.

250cm10g

45mmWB

platanoides 'Drummondii'

**Harlequin Maple**

Dense foliage and broadly margined creamy-white on green leaves. Yellow fall foliage. Slow growing and tolerant of poor soils.

40mmWB

platanoides 'Royal Red'

**Royal Red Maple**

Hardiest purple-leaf maple. Holds colour well through the season. Dense, somewhat rounded tree that is good for shade or as an accent in the garden.

30mm10g

45mmWB

rubrum

**Native Red Maple**

Native hard Maple, rapid growth with light green leaves that turn to gold, orange and red in fall. Adapts to a variety of soils.

50mmWB

rubrum 'Armstrong Gold'

**Armstrong Gold Maple**

Narrow growth habit with green leaves that turn to golden-orange in the fall. Grows best in medium to wet soil with good drainage.

45mmWB
rubrum 'Franksred'
*Red Sunset Red Maple*

Reliably red fall foliage and improved tolerance to urban conditions make this tree an excellent addition to an open or parkland setting. Fast growing.
50mmWB

rubrum 'Northwood'
*Northwood Red Maple*

Selected for uniform shape and hardiness, this slightly smaller cultivar of native red maple has terrific red fall colour.
50mmWB

saccharum
*Sugar Maple*

Slow growing, national tree of Canada. Well known for maple syrup in spring. Yellowish-green leaves turn orange-red colour in fall.
45mmWB
50mmWB

saccharum 'Fall Fiesta'
*Fall Fiesta Sugar Maple*

Fast growing, upright, rounded, symmetrical form. Thick, glossy deep green leaves turn orange and red in fall.
250cmCT

x freemanii 'Autumn Fantasy'
*Autumn Fantasy Maple*

Fast growing, oval form with green lobed leaves. Outstanding crimson colour in the fall. Prefers average to wet conditions.
50mmWB

x freemanii 'Autumn Blaze'
*Autumn Blaze Maple*

Upright, fast growing with ascending branching and dense, broad oval crown. Leaves are deeply cut and turn orange-red to scarlet-red in fall.
45mmWB
50mmWB
**AMELANCHIER**

**canadensis**  
*Downy Serviceberry*

- Early flowering small, native tree features slightly fragrant, white flowers before the leaves emerge. Dark green foliage changes to orange-red in fall.
- **Height:** 200cm  
  **Width:** 1.2m  
  **Zones:** 4

**canadensis 'Glennform'**  
*Rainbow Pillar ® Serviceberry*

- Dense, upright, symmetrical growth. White spring flowers. Green leaves turn a mixture of bright red and green in the fall.
- **Height:** 150cm  
  **Width:** 1.0m  
  **Zones:** 4

**x grandiflora 'Autumn Brilliance'**  
*Autumn Brilliance Serviceberry*

- Prized for its brilliant orange-red fall colour and disease resistance. Fragrant, white flowers give way to small purplish black fruit.
- **Height:** 120cm  
  **Width:** 0.7m  
  **Zones:** 4

---

**BETULA**

**nigra multistem**  
*River Birch Clump*

- Dense tree with glossy green foliage that fades to butter yellow in fall. Winter bark is pinkish-orange. Fast growth rate.
- **Height:** 300cm  
  **Width:** 1.0m  
  **Zones:** 4

---

**CARAGANA**

**arborescens 'Pendula'**  
*Weeping Caragana*

- Accent plant with ferny, weeping form and yellow flowers in spring followed by elongated pod-like brown and green fruits.
- **Height:** 120cm  
  **Width:** 0.7m  
  **Zones:** 2

**arborescens 'Walker'**  
*Walker's Weeping Caragana*

- Garden specimen with ferny, finely cut foliage and weeping habit. Bright green leaves and yellow pea-like flowers in spring.
- **Height:** 120cm  
  **Width:** 0.7m  
  **Zones:** 2
### CARPINUS

**betulus 'Frans Fontaine'
Pyramidal Hornbeam**

The narrowest cultivar. Green, serrated edge leaves turn golden yellow in the fall. Good street tree.

200cm10g

### CELTIS

**occidentalis
Common Hackberry**

Rounded, vase-shaped tree with rapid growth. Mature bark is light grey, rough and corky. Small berries turn orange-red and yellow leaf colour in fall.

50mmWB

### CERCIDIPHYLLUM

**japonicum
Katsura Tree**

Pyramidal shape, with perfectly heart shaped leaves emerging with a pink hue, maturing to green-blue. Yellow fall colour with sweet scent. Spectacular tree which is underutilized.

200cm7g

### GINKGO

**biloba
Maidenhair Tree**

Fan-shaped leaves start out green and turn to gold in fall. Exceptionally disease resistant. Slow growing.

175cm10g

**biloba 'Magyar'
NEW
Maidenhair Tree**

Narrow, upright form with green, fan-shaped leaves turning golden-yellow in the fall

45mmWB

### GLEDITSIA

**trianthos var. inermis
'Imperial'
Imperial Honeylocust**

Dappled shade created by compound oval leaves that turn yellow in the fall. A thornless nearly seedless variety.

50mmWB
triacanthos var. inermis
'Shademaster'
Shademaster Honeylocust

A symmetrical, vigorous grower with graceful ascending branches. Small green foliage turns yellow in fall. Fruitless. 50mmWB

triacanthos var. inermis 'Suncole'
Sunburst Honeylocust

Broadly rounded with spreading, pendulous branches. Foliage is yellowish-green turning yellow in fall. Very hardy. Thornless and seedless. 45mmWB

paniculata 'Grandiflora' Std
PeeGee Hydrangea Std

Fast growing, specimen tree that is covered with snow-white cone shaped flowers that turn bluish then purplish-pink in fall. 100cm7g

paniculata 'Interhydia' Std
Pink Diamond Hydrangea Std

Fast growing specimen tree with upright, pyramidal, cone shape, white flowers which mature to rich pink. Winter hardy but needs consistent and even moisture. 80cm7g

paniculata 'Limelight' Std
Limelight Hydrangea Std

Fast growing with large, chartreuse blooms mid-summer that hold colour through fall changing to pink. 100cm7g

HYDRANGEA
MAGNOLIA

**stellata 'Royal Star'
Royal Star Magnolia**

Very hardy with upright, dense branching. Large, fragrant, double white, star-shaped flowers appear before the foliage. Foliage turns bronze in fall.

5g

**x 'Butterflies'
Butterflies Magnolia**

Prefers well drained soil in sheltered position. Yellow cup to star shaped, fragrant flowers appear before the foliage, turning bronze in the fall.

5g

**x loebneri 'Leonard Messel'
Leonard Messel Pink Star Magnolia**

Large, fragrant pink flowers with strap-like petals. Moderate to fast growth rate. Yellow fall colour.

5g

175cm10g

Yellowbird NEW
Yellow Bird Magnolia

Fragrant, yellow flowers in spring with large, green leaves that turn bronze in the fall. Excellent specimen tree.

175cm7g

MALUS

**Hargozam
Harvest Gold**

Masses of fragrant, white flowers in spring emerge from rose buds followed by golden fruit in the fall. Very upright habit. Highly resistant to diseases.

45mm10g

50mmWB

**JFS-KW5
Royal Raindrops**

Disease resistant variety. Glossy, purple leaves that turn bronze, orange, and purple in the fall. Magenta-pink flowers produce small, red crabapples.

175cm7g
Moerlandsii 'Profusion'
*Profusion Crabapple*

- Spreading habit with coppery-bronze tipped, dark green foliage. Showy, cherry-red flowers emerge from dark red buds followed by colourful deep red fruit in fall.
- 200cm12g
- 50mmWB

Sargentii
*Sargentii*

- Smaller size tree with white spring flowers and green leaves. Excellent disease resistance.
- 200cm12g

Sargentii Tina
*Sargentii Tina*

- Horizontal branching habit with fragrant, white flowers emerging from red buds followed by red fruit in fall. Dark green foliage turns yellow in fall.
- 120cm7g

Spring Snow

- Pure white fragrant flowers with green leaves. Little to no fruit.
- 175cm7g
- 50mmWB

Rinki
*Rinki Columnar (pale pink)*

- Columnar tree with upright branches and green foliage turning yellow in fall. Pink flowers are fragrant and followed by small, red crabapples.
- 200cm7g

Red Jade

- Compact and pendulous habit with clusters of fragrant, white flowers that emerge from rose buds. Dark green foliage that turns yellow in fall. Fruits are showy red. Disease resistant.
- 150cm7g
Royal Beauty

Pendulous form with cascading purple foliage and showy pink flowers in spring.
200cm

MORUS

alba 'Pendula'
Weeping Mulberry

Dwarf cultivar with gnarled branches weeping to the ground. Glossy dark green leaves that turn yellow in fall. Non fruiting.
150cm

PRUNUS

x cistena Std
Purpleleaf Sandcherry Std

Reddish-purple foliage, fragrant white and pink spring flowers and purple fruit. Hardy small ornamental tree.
150cm7g

triloba var. Multiplex Std
Double Flowering Almond Std

Small tree with semi-double pink flowers before the leaves emerge. Green leaves turn red in fall. Red fruit appears in summer.
120cm7g

snofozam 'Snow Fountains' NEW
Snow Fountains Weeping Cherry

White, cascading blossoms in spring followed by small, black inedible fruits. Leaves turn gold in fall. Slow growing.
150cm7g

PYRUS

calleryana 'Chanticleer'
Chanticleer Ornamental Pear

Tight, narrow, thornless tree. Oval, glossy, dark green leaves have toothed margins. Turns reddish-purple in fall. Creamy white flowers in spring.
250cm15g
50mmWB
QUERCUS

**palustris**
*Pin Oak*

Tall tree of the red oak group with broad, pyramidal crown. Upper branches ascend, middle branches horizontal and lower branches descend. Catkins are followed by rounded acorns with shallow, saucer-shaped, acorn cups.

50mmWB
70mmWB

**rubra**
*Red Oak*

Round to broad-spreading crown. Fast grower with dark green leaves that are greyish-white underneath. Foliage turns brownish-red in fall. Acorn fruit with flat, saucer-shaped cups.

50mmWB

**robur 'Crimschmidt'**
*Crimson Spire Oak*

Fast growing, columnar tree. Hybrid of English and White Oak. Dark bluish-green foliage turns to red in fall. Holds leaves through winter.

250cm 15g

**robur 'Fastigiata'**
*Pyramidal English Oak*

Columnar tree with short trunk and upright branches. Leaves turn brown in autumn and often remain on tree.

50mmWB
70mmWB

**SALIX**

**x caprea 'Pendula'**
*Weeping Pussy Willow*

Small, ornamental tree with a strong, weeping habit. Extra-large, silver-grey catkins that turn bright yellow in spring. Green foliage.

120cm 5g

**x integra 'Hakuro Nishiki' Std**
*Hakuro Nishiki Dappled Willow Std*

Striking accent tree. Variegated foliage that emerges pink and matures to creamy-white and green. Turns yellow in fall. Yellowish catkins in spring. Red stems in winter.

120cm 5g
**SORBUS**

*thuringiaca 'Fastigata'*  
*Oakleaf Mountain Ash*

Narrow tree with oval crown that has vigorous growth. Green foliage with silvery underside turning orange-red to rust in fall. White spring flowers followed by brilliant red clusters of berries in fall.

250cm x 10g

**TILIA**

*cordata 'Glenleven'*  
*Glenleven Linden*

Fast growing, pyramidal shape becomes dense and rounded in maturity. Shiny, dark green foliage turns yellow in fall. Fragrant yellow flowers. Tolerates air pollution.

50mm WB

**SYRINGA**

*meyeri 'Palibin' Std*  
*Dwarf Korean Lilac Std.*

Dense, rounded crown grafted to a 4' standard. Pale pink-purple fragrant single flowers in late spring. Dark green foliage.

120cm x 7g

**ULMUS**

*glabra 'Pendula'*  
*Camperdown Elm*

Slow growing with downward arcing branches and green foliage that turns yellow in fall. Purple red flowers in early spring before foliage emerges.

40mm CT

*Arctic Sun Dogwood*

Dwarf dogwood with bright yellow winter stems with crimson tips. Tiny white flowers in spring followed by fruit attractive to birds.

2g

**sericea (stolonifera)**  
*Red Osier Dogwood*

Vigorous growth rate and excellent for mass planting. Good red fall colour.

2g

**sericea 'Bud's Yellow'**  
*Bud's Yellowtwig Dogwood*

Yellow-twig dogwood that prefers moist, well-drained soils. Rapid growth with dark green leaves.

2g
flowering shrubs

**sericea 'Farrow'
Arctic Fire Dogwood**

Dwarf, non-suckering form with bright red twigs through winter and white flowers in summer followed by white berries attractive to birds. Great for mass planting.

2g

**coggygria 'Ancot'
Golden Spirit Smokebush**

Brilliant golden foliage and creamy pink-yellow airy blooms. Red-coral fall colour.

2g

**coggygria 'Royal Purple'
Royal Purple Smokebush**

Deep purple foliage and large long-lasting airy pink flowers. Red-purple fall colour.

3g

**coggygria 'Young Lady' NEW
Young Lady Smokebush**

Dwarf smoke bush with large plumes of smoky-pink flowers. Foliage turns stunning shades of red and orange in fall.

2g

**COTINUS**

**acutifolius
Peking Cotoneaster**

Foliage is dark, shiny green with black fruit after the white-pink flowers have finished. Excellent plant for hedging. Brilliant orange-red in the fall.

2g

**COTONEASTER**

**x burkwoodii 'Carol Mackie'
Carol Mackie Daphne**

Dense, mounded shape with prolific fragrant, pink white flowers in May. Green foliage with cream-coloured margins. Red berries after flowering.

2g
DIERVILLA

**lonicera**
*Bush-Honeysuckle*

Dwarf mound-shaped, native plant. New growth is green with a tinge of bronze and burgundy-red in the fall. Yellow flowers in midsummer.

2g

EUONYMUS

**alatus**
*Winged Burning Bush*

Yellow flowers appear in May-June with green foliage. Outstanding brilliant red colour in fall with corky-ridged bark especially noticeable in winter.

2g 80cm5g

**alatus 'Compactus'**
*Dwarf Burning Bush*

Dwarf variety of the Winged Burning Bush.

2g 80cm7g

europaeus 'Red Cascade'
*European Spindletree*

Large deciduous shrub with green leaves turning to red-purple in fall. Colourful orange red seed heads in fall.

2g

FORSYTHIA

**ovata 'Northern Gold'**
*Northern Gold Forsythia*

Upright shrub with masses of yellow flowers in early spring. A hardy strain developed in Morden, Manitoba.

2g

**x 'Show Off'**
*Dwarf Forsythia*

Compact selection with upright, spreading growth. Profuse, slightly fragrant, yellow flowers in early spring and green leaves.

2g
HIBISCUS

syriacus 'Fiji'
Fiji Rose of Sharon

Multi-stemmed, deciduous shrub that prefers moist soil. Showy, large pink flowers with a splash of red in center. Flowers early summer to fall.

3g

HYDRANGEA

arborescens 'Abweto'
Incrediball Hydrangea

Lime green blooms that change to white and age to green. An improved Annabelle with strong stems and massive blooms on both new and old wood. A very prolific bloomer midsummer to frost.

3g

arborescens 'Annabelle'
Annabelle Hydrangea

White blooms that age to pink. Large, solid globular heads flower freely on new wood mid-summer until frost. Prune each spring.

2g

3g

macrophylla 'Blushing Bride'
Blushing Bride Hydrangea

White blooms that age to blush pink. A long blooming hydrangea. Part of the Endless Summer series.

5g

macrophylla 'Cityline Rio'
Cityline Rio Hydrangea

Small early blooming hydrangea with large, long lasting flowers of blue/pink/purple depending on soil. Blooms on old wood.

3g

macrophylla 'Endless Summer'
Endless Summer Hydrangea

Pink blooms that age to mauve. Consistent bloomer on both old and new wood. Bronze foliage in fall. Feed for best colour.

5g
flowering shrubs

paniculata 'Bombshell'
Bombshell Dwarf Hydrangea

White blooms that age to rosy pink. Rapid growing, upright shrub with dark green leaves. Flowers bloom mid-summer to fall.
3g

paniculata 'Bulk'
Quickfire Hydrangea

White blooms that age to rosy-pink. Blooms up to a month earlier than other Hydrangeas in mid-summer until frost. Prune each spring.
3g
80cm 7g

paniculata 'DVPinky'
Pinky Winky Hydrangea

Creamy pink blooms that age to deep rose. Extra large blooms.
3g

paniculata 'Grandiflora'
PeeGee Hydrangea

White blooms that age to pink and bronze. Huge cone-shaped flowers from August to Oct. Blooms on new wood.
2g
5g

paniculata 'Ilvobo'
Bobo Dwarf Hydrangea

White blooms that age to pale pink. Excellent dwarf selection with profuse blooms.
3g
5g

paniculata 'Jane'
Little Lime Hydrangea

Chartreuse blooms that age to rich deep pink. Dwarf form of Limelight.
3g
flowering shrubs

**paniculata 'Limelight'
Limelight Hydrangea**

- Chartreuse blooms that age to rich deep pink. Large blooms in mid-summer to fall.
- 3g
- 80cm, 5g

**paniculata 'Little Lamb'
Little Lamb Hydrangea**

- White blooms that age to pink and bronze. Mini pee-gee hydrangea with smaller foliage and flower panicles.
- 3g

**paniculata 'Renhy'
Vanilla Strawberry Hydrangea**

- White blooms that age to pink to strawberry red. Large, dense flower heads continuously produce new blooms. There are several weeks where white, pink and red are all seen together on the same plant.
- 3g

**paniculata 'SMHPLQF'
Little Quickfire Dwarf Hydrangea**

- White blooms that age to reddish-purple. Dwarf variety of Quickfire.
- 3g

**HYPERICUM**

**kalmianum
St. John's Wort/Pot of Gold**

- Hardy, adaptable and interesting plant useful for foundation or border planting. Profuse blooming over long period in mid-summer. Flowers are bright yellow.
- 2g

**ILEX**

**verticillata 'Jim Dandy'
Jim Dandy Winterberry (male)**

- Male selection used to pollinate ‘Afterglow’ and ‘Red Sprite’. An early bloomer.
- 3g
flowering shrubs

**verticillata 'Winter Red'**
*Winter Red Winterberry*
(female)

Needs male pollinator to produce bright red berries in fall. Leaves fall in winter. Likes consistently moist soil.

3g

**PHILODEPHUS**

coronarius 'Aureus'
*Dwarf Golden Mock Orange*

Fragrant, single white flowers are produced in June. Golden foliage is retained better if planted in slight shade.

2g

'Miniature Snowflake'
*Dwarf Mock Orange*

Compact plant with double white flowers over dark green foliage. Extremely fragrant. Dark green leaves.

2g

**PHYSOCARPUS**

*opulifolius 'Centreglow'*
*Centreglow Ninebark*

Green-gold foliage in spring matures to wine-coloured by late summer. Pink-white flowers in early summer.

2g

*opulifolius 'Jefam'*
*Amber Jubilee Ninebark*

Yellow to amber foliage in spring matures to purple in fall. Dainty pink white flowers in early summer.

2g

*opulifolius*
*Common Ninebark*

Upright, spreading shrub that is very adaptable. Lush green leaves with clusters of white flowers in spring. Withstands acid or alkaline soils or dry areas.

2g
flowering shrubs

**Dwarf Gold Ninebark**

[Image of Dwarf Gold Ninebark]

Dwarf form of Golden Ninebark. Vase shaped accent plant with yellow foliage, white flowers then red fruit.

2g

**Little Devil Ninebark**

[Image of Little Devil Ninebark]

Dwarf form with deep burgundy foliage. White-pink flowers in spring.

2g

**Diablo Ninebark**

[Image of Diablo Ninebark]

Dark purple foliage provides excellent contrast in shrub border.

2g

**Abbotswood Potentilla (white)**

[Image of Abbottswood Potentilla]

Extra fine small foliage excellent for a hedge. A showy display of blooms that lasts into late fall.

2g

**Goldfinger Potentilla (gold)**

[Image of Goldfinger Potentilla]

Dense shrub covered in yellow flowers from spring to fall. Dark green foliage. Drought tolerant.

2g

**Goldstar Potentilla (yellow)**

[Image of Goldstar Potentilla]

A compact potentilla with very large deep yellow flowers.

2g
flowering shrubs

**fruticosa 'Pink Beauty' NEW**
*Pink Beauty Potentilla (pink)*

Prolific bloomer with clear pink flowers that cover the dense, bright green foliage.

*2g*

**PRUNUS**

**triloba var. Multiplex NEW**
*Flowering Almond*

Profuse five-petalled pink flowers emerge at the same time as the green leaves in spring.

*7g*

**x cistena**
*Purple-leaf Sandcherry*

An old standby. Flowers in spring are fragrant and pink. Foliage is reddish-purple.

*2g*
*100cm*7g

**RHUS**

**aromatica 'Gro-Low'**
*Gro-Low Sumac*

Aromatic flowers and red hairy fruit characterize this plant. Good spreader for mass beds or erosion control.

*2g*

**typhina**
*Staghorn Sumac*

Native shrub with bright green foliage that turns to orange-red in the fall. Excellent fall colour with branches that are covered in dense, velvet hair.

*2g*

**typhina 'Bailtiger'**
*Tiger Eyes Sumac*

New green growth changes quickly to yellow. Branches angle upward.

*2g*

**florida 'Bokraspiwi'**  
*Spilled Wine Weigela*

- Purple-red leaves and magenta blooms in summer. Small, mounding variety. Better performer than Midnight Wine.
- **2g**

**florida 'Red Prince'**  
*Red Prince Weigela*

- Upright grower when young, arching at maturity. Plant unique for red flower retention as it ages.
- **2g**
flowering shrubs

'Variegata Nana'
**Variegated Dwarf Weigela**

Rounded shrub with rose pink blooms and variegated foliage. Excellent for foreground of shrub bed.

2g

**florida 'Velda'
Tuxedo Weigela**

True white blooms in May and June contrast against deep dark purple foliage.

2g

**florida 'Verwig'
My Monet Weigela**

Dwarf, variegated shrub with pink blooms. Variegation is whiter in shade and pink in full sun.

2g
FLOWER CARPET SERIES

Ground cover rose with a long flowering season. Easy to care for and exceptional disease resistance.

Amber Carpet Rose

Red Carpet Rose

Yellow Carpet Rose

Pink Carpet Rose

ROSA

rugosa Rough Rose

Very hardy shrub rose with single flowers in July followed by ornamental fruit.

rugosa 'Alba' White Rough Rose

Pure white, fragrant flowers and dark green foliage. Produces hips in the fall.

rugosa 'Blanc Double de Coubert' White Double Rough Rose

Profuse, strongly fragrant, pure white semi-double flowers. A hybrid rugosa with large orange-red hips after blooms fade.
x 'The Fairy'
*The Fairy Groundcover Rose*

Spreading groundcover rose or climber. Rebloomer with creamy white, lightly-scented flowers from mid-summer to fall.

</table>
vines

**virginiana**
*Virgin's Bower (white)*

White/cream flowers (group 3). Good vine for dry, partially shaded areas.

1g

**HYDRANGEA**

**anomala ssp. petiolaris**
*Climbing Hydrangea*

Slow starter but handsome climbing vine that clings firmly to walls. Large white flower clusters in early summer.

3g

**LONICERA**

**x brownii 'Dropmore Scarlett'**
*Dropmore Scarlett Honeysuckle*

1g

**x heckrottii 'Goldflame'**
*Goldflame Honeysuckle*

Fragrant, rose pink, tube shaped flowers with yellow interior bloom in July to September.

2g

**PARTHENOCISSUS**

**quinquefolia**
*Virginia Creeper*

Hardy, vigorous and rapid climber used for covering rough walls, stumps, fences, steep banks. Scarlet fall foliage. Self clinging.

1g

**quinquefolia 'Engelmannii'**
*Engelman Ivy*

Self clinging, green foliage turns scarlet red in fall with blue-black fruit. Vigorous grower and very hardy.

1g
tricuspidata 'Veitchii'
**Boston Ivy**

Purplish new growth, maturing to green before turning to a brilliant dark-red foliage in fall. Fast grower.

2g

**POLYGONUM**

aubertii
**Silverlace Vine**

Fast growing and vigorous. Bright green foliage with small, fragrant flowers that bloom in profusion in August. Splendid on pergolas.

1g

**WISTERIA**

macrostachya 'Blue Moon' **NEW**
**Wisteria**

Full sun is needed for best flowering. Produces fragrant, blue flowers in June after second or third year of planting.

2g
ACHILLEA
millefolium 'Moonshine'
*Moonshine Yarrow*

Grey leaves with yellow flower heads that last for several weeks in late summer.
1g

AGASTACHE RUGOSA X FOENICULUM
'Blue Fortune'
*Humming Bird Mint*

Purple blue flowers. Licorice scented, deep green leaves. Attracts butterflies and birds.
1g

ACTAEA (SEE CIMICIFUGA)

ACONITUM
Aconitum 'Baker's Variety'
*NEW*
*Blue Monkshood*

Tall spikes of deep violet-blue flowers that bloom in the fall. Prefers a site that will not dry out in the summer.
1g

ALCHEMILLA
mollis
*Lady's Mantle*

Soft grey green foliage with rounded deep lobes catch tiny droplets of morning dew which glimmer like tiny crystals. Star shaped yellow-green flowers.
1g

ALLIUM
senescens 'Blue Eddy'
*Blue Ornamental Onion*

1g
'Millennium'
Ornamental Onion

Perennial plant of the year for 2018. Bright purple, 2” globe shaped flowers above dark green, glossy foliage.
1g

ANEMONE

sylvestris
Snowdrop Anemone

Spring blooming. Single, pure white flowers on short, bare stems above dark green, shiny foliage.
1g

x 'Curtain Call Pink' NEW
Curtain Call Pink Windflower

Shorter anemone that produces bright rose pink flowers in late summer above small mound of green foliage.
1g

x 'Honorine Joubert'
Honorine Joubert Windflower

Single, pure white flowers with a yellow centre.
1g

x 'September Charm'
September Charm Windflower

Taller than the species. Creamy pink flowers, darker on reverse of each petal.
1g

AQUILEGIA

vulgaris 'Winky Blue & White'
Blue Columbine

Vivid bi-colour flowers of blue an white held above dark green foliage.
1g
**perennials**

**vulgaris 'Winky Red & White'**

*Red Columbine*

Vivid bi-colour flowers of red and white held above dark green foliage.

1g

**ARCTOSTAPHYLOS**

**uva-ursi 'Massachusetts'**

*Massachusetts Bearberry*

Noted for producing abundant flowers and fruits. Smaller leaves than those found on species plants. Good disease resistance.

1g

**ARMERIA**

**maritima 'Bloodstone'**

*Bloodstone Sea Thrift*

Dense, clump forming, grassy-textured foliage topped by bright, rosy red flower heads on upright stems.

1g

**ARTEMISIA**

**schmidtina 'Silver Mound'**

*Silver Mound Wormwood*

Silvery, aromatic foliage is finely cut and grows into a small mound.

1g

**ARUNCUS**

**aethusifolius**

*Dwarf Goat's Beard*

Finely cut foliage with cream flowers in loose spikes. Flowers change to olive green in fall and leaves become warm orange.

1g

**dioicus**

*Giant Goat's Beard*

Looks much like a large white Astilbe. Has similar foliage and feathery, creamy white flower plumes up to 30 cm long. Slow to establish.

1g
**ASCLEPIAS**

**tuberosa**  
*Butterfly Milkweed*

1g

**ASTER**

**dumosus 'Wood's Light Blue'**  
*Wood's Light Blue Aster*

Lavender blue daisy-like flowers. Short and sturdy. Long bloom time.

1g

**ASPARAGUS**

**officinalis 'Jersey Giant'**  
*Jersey Giant Asparagus*

A superior all-male hybrid that produces high yields. Winter hardy, 7-9inch tall green spears with purple bracts.

2g

**novae-angliae 'Purple Dome'**  
*Purple Dome New England Aster*

Attractive purple smoky spears in spring. Not stringy and the whole spear can be cooked.

2g

**ASTILBE**

**arendsii 'Bridal Veil'**  
*Bridal Veil Garden Astilbe*

White flowers with well branched spikes. Dark semi-glossy foliage. Must have consistently moist soil.

1g
arendsi 'Fanal'
Fanal Garden Astilbe

Darkest red flowers of any Astilbe with bronze foliage. Compact growth. Must have consistently moist soil.

1g

chinesis 'Pumila'
Dwarf Chinese Astilbe

Lilac-pink flowers on fuzzy, stiff plumes. Mid-green leaves form a low carpet. Must have consistently moist soil.

1g

chinesis 'Superba'
Superba Chinese Astilbe

Lavender-purple to magenta flowers. Leaves are larger and flowering period is longer. Must have consistently moist soil.

1g

chinesis 'Visions in Pink'
Visions in Pink Chinese Astilbe

True pink long-lasting blooms. More drought tolerant than other Astilbes.

1g

chinesis 'Visions in Red'
Visions in Red Chinese Astilbe

Dark pink-red long-lasting blooms. Sun tolerant. Must have consistently moist soil.

1g

chinesis 'Visions in White'
Visions in White Chinese Astilbe

White long-lasting blooms. Sun tolerant. Must have consistently moist soil.

1g
**Montgomery Japanese Astilbe**

Dark magenta red, triangular-shaped plumes on dark red stems. Leaves are bronze-red in spring then turn dark green. Must have moist soil.

**Peach Blossom Japanese Astilbe**

Light salmon-pink plumes, short and narrow. Narrow, sharply toothed, glossy, dark green foliage. Must have moist soil.

**Ostrich Plume Astilbe**

Pink, coral and white large blooms on arching stems. Must have moist soil.

**Blue False Indigo**

Flowers are blue-purple pea-like. Leaves are divided into three leaflets. Turns silvery-grey in fall.

**Angel Kiss Bergenia**

Dwarf variety with double white flowers and pink accents at maturity. Purple, evergreen leaves.

**Bressingham Ruby Bergenia**

Shiny, large, evergreen leaves. Carmine-red flowers in early spring.
perennials

cordifolia 'Bressingham White'
Bressingham White Bergenia

Pure white flowers in spring above large, glossy evergreen leaves. Red fall colour.

1g

BRUNNERA

macrophylla 'Jack Frost'
Jack Frost Siberian Bugloss

Leaves are dark green with a heavily frosted overlay that allows only the green veining to show through. Tiny baby blue forget-me-not like flowers mid to late spring.

1g

CAMPANULA

carpatica 'Pearl Deep Blue'
Pearl Deep Blue Bellflower

Low, cushion-shaped mound of small green leaves with upward-facing, cup-shaped violet blue flowers.

1g

carpatica 'Pearl White'
Pearl White Bellflower

Profusion of cup-shaped, upward-facing, white flowers cover the dark green foliage. Form compact, rounded clump.

1g

porscharskyana 'Blue Waterfall'
Serbian Bellflower

Trailing bell flower with dense growth. Dainty blue bell-shaped flowers with white centers. Toothed green leaves.

1g

CHELONE

glabra
White Turtlehead

White flowers on a sturdy, upright perennial with dark green leaves that blooms in late summer. Moist to wet soil.

1g
lyonii 'Hot Lips'
*Pink Turtlehead*

Deep pink flowers on a sturdy, upright perennial with dark green leaves that blooms in late summer. Moist to wet soil.
1g

**CIMICIFUGA (ACTAEA)**

*racemosa 'Brunette'
Black-leaf Bugbane*

Chocolate-purple, fragrant foliage and long, airy upright spikes of white flowers create a wonderful contrast.
1g

*racemosa 'Hillside Black Beauty'
Black-leaf Bugbane*

1g

**COREOPSIS**

*verticillata 'Moonbeam'
Moonbeam Threadleaf Coreopsis*

Bright lemon-yellow flowers. Airy clumps of fine, needle-like foliage on upright stems.
1g

**CROCOSMIA**

*'Lucifer'
Lucifer Montbretia*

Bright red tubular flowers on arching stems. Gladiola-like upright leaves.
1g

**DIANTHUS**

*gratianopolitanus 'Firewitch'
Firewitch Cheddar Pinks*

Intense magenta flowers with a white center and a spicy scent on a mound of blue-grey leaves.
1g
perennials

**DICENTRA**

**formosa 'King of Hearts'**
*King of Hearts Bleeding Heart*

1g

**'Ivory Hearts'**
*Ivory Hearts Bleeding Heart*

White heart-shaped drooping blooms above grey-blue, finely cut foliage.

1g

**spectabilis 'Gold Heart'**
*Gold Hearts Bleeding Heart*

Bright yellow foliage with rose pink flowers.

1g

**ECHINACEA**

**'Kismet Intense Orange' NEW**
*Intense Orange Coneflower*

Dwarf coneflower with vivid orange, flat petals with a central gold-brown cone. Attract butterflies.

1g

**'Powwow White'**
*Dwarf White Coneflower*

Bright white blooms on short, sturdy stems.

1g
**'Powwow Wildberry'**  
*Dwarf Pink Coneflower*  
![Image](image1.png)  
**60cm**  
**Z3**  
**summer/fall**  
Bright pink blooms on short, sturdy stems.  
1g

**purpurea 'Kim's Knee High'**  
*Kim's Knee High*  
![Image](image2.png)  
**45cm**  
**Z3**  
**summer**  
Showy, daisy-like, purple coneflower with rose-pink drooping petals and brilliant orange central cone.  
1g

**'Magnus'**  
*Magnus Coneflower*  
![Image](image3.png)  
**1m**  
**Z3**  
**summer**  
Classic purple coneflower. Rose-pink petals with a coppery-bronze spiky central cone.  
1g

**purpurea 'Rubinstern'**  
*Ruby Star Coneflower*  
![Image](image4.png)  
**75cm**  
**Z3**  
**summer**  
Purple-red large flowers around an orange-brown cone. Stiff, sturdy stems hold flowers up well.  
1g

**purpurea 'White Swan'**  
*White Coneflower*  
![Image](image5.png)  
**90cm**  
**Z4**  
**summer/fall**  
White large, daisy-like flowers with raised cone-shaped centers on strong, hairy stems. Long blooming.  
1g

**'Sombrero Salsa Red'**  
*Sombrero Salsa Red Coneflower*  
![Image](image6.png)  
**60cm**  
**Z4**  
**summer/fall**  
Long blooming, the sturdy dwarf coneflower has masses of bright red-orange petals around a red-brown cone.  
1g
### ECHINOPS

**bannaticus 'Blue Glow'
Globe Thistle**

Clump forming tall plant with golf ball-sized, blue flower heads atop stiff, rigid stems. Foliage is thistle-like, deeply lobed and dark blue-green.

1g

### EPIMEDIUM

**rubrum
Red Barrenwart**

Clusters of small red flowers with short, white or pale pink spurs just above the foliage. Red leaves in spring becoming dark green and then reddish-brown in fall. Spreads by rhizomes.

1g

### EUPHORBIA

**polychroma 'Bonfire'
Bonfire Cushion Spurge**

Orange, yellow foliage with red and purple hues. Forms a tidy mound.

1g

### FERNS

**Adiantum pedatum
Maidenhair Fern**

Delicate ferns with very small fronds and a lacy appearance.

1g

**Athyrium filix-femina
Lady Fern**

Lacy green foliage with finely divided fronds.

1g

**Athyrium filix-femina 'Lady in Red'
Lady in Red Fern**

Bright green, lacy foliage on red stems.

1g
Athyrium nipponicum 'Godzilla'
Giant Painted Fern

Dramatic silvery fronds and finely-cut foliage. Fast grower that prefers moist soil rich in organic matter.
1g

Athyrium nipponicum 'Pictum' (metallicum)
Japanese Painted Fern

Forms sturdy low clumps of arching fronds, olive-green in colour with metallic-grey sheen, leaf stems are deep burgundy. Fantastic foliage colour.
1g

Dryopteris erythrose 'Brilliance'
Brilliant Autumn Fern

Fronds of this fern emerge lustrous and orange. Even more colourful than the Autumn Fern.
1g

Matteuccia struthiopteris
Ostrich Fern

Large dark green fronds are shaped like ostrich plumes; much wider at the top and tapering down to a bare stem.
1g

GAILLARDIA

grandiflora 'Goblin'
Goblin Blanket Flower

Dwarf with large blooms of red petals with golden-yellow tips.
1g

GERANIUM

macrorrhizum 'Bevans'
Bevan's Bigroot Cranesbill

Deep magenta flowers on low spreading clumps of aromatic foliage. Orange-red fall colour.
1g
macrorrhizum 'Ingwersen's Var.'
*Ingwersen's Bigroot Cranesbill*

Soft pink flowers grow profusely. Tight and dense mat of fragrant, light green foliage.
1g

macrorrhizum 'Spessart'
*Spessart Cranesbill*

Soft pink to white flowers with aromatic green foliage. Tolerant of dry soils but does best with annual covering of manure.
1g

*psilostemon 'Rozanne'
*Rozanne Cranesbill*

Violet blue flowers shaped like large saucers above a mound of deep green foliage that is slightly marbled and chartreuse. Good repeat bloomer.
1g

**HELLEBORUS**

'HGC Josef Lemper'
*Josef Lemper White Lenten-Rose*

Very early blooming. Pure white flowers above thick, dark green palmate foliage.
1g

'HGC Pink Frost'
*Pink Frost Lenten-Rose*

1g
HEMEROCALLIS

'Africa'

1g

Always Afternoon

Striking plum purple eye zone and a green throat. Petals are crimped with thin buff pink edges.
1g

Apricot Sparkles

Ruffled, apricot-coloured blooms repeat until frost. Continuous bloomer.
1g

Barbara Mitchell

Beautiful soft pink blossoms with celery-green throat. Petals edged with deep flowing ruffles.
1g

Bold Tiger

Bright orange fragrant flowers with a large, red eye and yellow-green throat. Fragrant, single daylily that blooms midsummer.
1g

'Final Touch'

Prolific buds open to large flowers with alternating hot pink and pale pink petals. Very floriferous.
1g
perennials

**Frans Hals**

![Frans Hals](image)

60cm  
**Z3**  
**summer/fall**  
Large bicolour blooms of alternating yellow-orange and deep orange petals.  
1g

**fulva**

![fulva](image)

1m  
**Z3**  
**summer**  
Naturalized from the garden, these orange lilies are a common sight along roadsides.  
1g

**Joan Senior**

![Joan Senior](image)

60cm  
**Z3**  
**summer**  
Large white ruffled flowers with yellow-green throat.  
1g

**Jolyene Nichole**

![Jolyene Nichole](image)

35cm  
**Z3**  
**summer/fall**  
Dwarf variety, has very large medium-pink ruffled flowers with a lemon throat. Early/mid season repeat bloomer.  
1g

**Happy Returns**

![Happy Returns](image)

45cm  
**Z3**  
**spring/fall**  
Yellow fragrant flowers and continuous blooms.  
1g

**Hyperion**

![Hyperion](image)

1m  
**Z3**

**Z3**  
**summer**  
Amber gold large flowers (to 12 cm) with deep red edges and green throat.  
1g

**Mini Pearl**

![Mini Pearl](image)

40cm  
**Z3**  
**late spring**  
Melon pink, fragrant flowers (to 8 cm). Early and extended bloomer.  
1g
**Mini Stella**

Small, golden yellow slightly fragrant flowers. Continuous bloomer.

1g

---

**Purple D'Oro**

Dark lavender blooms with yellow throat and ruffled edges. Continuous bloomer starting mid season.

1g

---

**Pardon Me**

Large, cranberry red fragrant flowers with yellow-green throats.

1g

---

**Rosy Returns**

Fragrant rose purple ruffled petals with deep rose eye zone and yellow throat.

1g

---

**'Phenome'**

Stout buds open to amazing double peach coloured blooms. Rebloomer.

1g

---

**Ruby Stella**

Slightly fragrant, deep ruby red version of the classic yellow Stella D'Oro.

1g

---

**Stella D'Oro**

Fragrant golden yellow flowers, compact habit, repeat bloomer.

perennials

**Strawberry Candy**
Red tinted edges and strawberry-red eye zones with yellow throat.

1g

**Sunset Fire**
Orange red large (12cm) flower with yellow gold throat.

1g

**HEUCHERA**

**Caramel**
Gold scalloped leaves deepen to amber with light pink flowers.

1g

**'Frosted Violet'**
Pink and white flowers over pink-purple foliage which matures to dark violet. Slight silvery sheen.

1g

**'Green Spice'**
Leaves have a silvery overlay, darker green edges and excellent beet red veins. Colours particularly strong during cooler months.

1g

**Obsidian**
Jet black leaves with tall shoots of cream coloured flowers in June.

1g
Palace Purple (micrantha)

60cm

The original purple coral bells. Very large, shiny and star-shaped leaves ranging in colour from deep olive green to purplish-bronze. Undersides are metallic amethyst purple. Tiny cream flowers.

1g

Plum Pudding (americana)

65cm

Forms heart-shaped, lobed, plum leaves with darker plum veining and small white flowers on purple stems.

1g

Sweet Tart

15cm

Newer selection with proven increased survivorship over older varieties. Smaller, slightly ruffled golden yellow leaves with bright pink flowers in June.

1g

HEUCHERELLA

Red Rover

Red Rover Foam Bells

60cm

Attractive copper-red foliage turns olive green in summer. Creamy white, bottlebrush-like flowers.

1g

HIBISCUS

'Berry Awesome'

(Perennial Hibiscus)

1.25m

Huge 8", ruffled, lavender pink flowers with a cherry red eye. Dense, compact shrub with dark green foliage.

2g

'Cranberry Crush'

(Perennial Hibiscus)

1.25m

Scarlet red 20cm flowers set against glossy deep green leaves with slight purple overtones. Compact profuse bloomer.

2g
perennials

'Mocha Moon'  
*(perennial hibiscus)*

![Mocha Moon](image)

1.25m  
**Z4 summer/fall**

Pure white 20cm flowers with a red eye set against deep green foliage. Flowers from top to bottom of plant.

2g

'Starly Starry Night'  
*(perennial hibiscus)*

![Starly Starry Night](image)

1m  
**Z4 summer/fall**

Very dark purple, maple-like foliage helps the massive 20cm pale pink blooms striped with deep pink veining stand out. A gorgeous plant.

2g

HOSTA

Albomarginata (undulata)

![Albomarginata](image)

45cm  
**Z3 summer**

Medium green leaves with wavy white margins and grey-green streaks in center. Pale lavender flowers. Sun tolerant. Large.

1g

Aureomarginata (fortunei)

![Aureomarginata](image)

55cm  
**Z3 summer**

1g

Big Daddy (x)

![Big Daddy](image)

65cm  
**Z3 summer**

Large, chalky-blue leaves that are rounded, cupped and puckered at maturity. Near white blooms. Good slug resistance. Large.

1g

Blue Ivory (x)

![Blue Ivory](image)

35cm  
**Z3 summer**

Wide, pure white margins and strong blue centre make this hosta stand out in the shade garden. Medium.

1g
Blue Mouse Ears (x)

1g

Captain Kirk (x)

Wide dark green margins and gold centers. Pale lavender flowers. Medium.
1g

Deja Blue (x)

Blue-green with paler green margin. Cream line between margin and centre. Lavender flowers. Medium.
1g

Drinking Gourd (abiqua)

Large, corrugated deep blue leaves. Leaves fold upward creating a cupped effect. Large.
1g

Elegans (sieboldiana)

1g

First Frost (x)

Blue-green with creamy yellow margin. Lavender flowers. Medium.
1g
perennials

Fragrant Blue (x)

Bluer than most 'blue' Hosta. Heart-shaped glaucous leaves. Fragrant white-blue flowers. Large.

1g

Fragrant Bouquet (plantaginea)

Light apple-green leaves with wide, pale yellow to cream margins. Leaves are broadly ovate and wavy. White flowers and slug resistant. Large.

1g

Francee (fortunei)

Medium to dark green, glossy, heart-shaped leaves have narrow, clean white margins. Wide, low mound of foliage with lavender flowers. Sun tolerant. Large.

1g

Frances Williams (x)

Giant, blue-green leaves have very heavy, chartreuse to yellow margins which become wider as the plant matures. Leaves are corrugated and slug resistant. Lavender-white flowers. Large.

1g

Gold Standard (fortunei)

Pale to golden yellow and dark green margin. Fast growth rate. Lavender blooms. Large.

1g

Golden Tiara (x)

Small, rounded pale green leaves with a regular, creamy-yellow margin. Medium.

1g
### Great Expectations (sieboldiana)

- **Height:** 50 cm
- **Zones:** 3
- **Season:** summer

Thick, puckered, broadly ovate leaves are slug resistant. Wide, irregular, blue green margins surround a center that changes from chartreuse to yellow then to creamy yellow and finally white. White flowers. Slow grower but worth it. Large

1g

### Guacamole (x)

- **Height:** 55 cm
- **Zones:** 3
- **Season:** summer

Green-yellow, with darker green margin. Large, shiny corrugated leaves. Near white blooms. Large.

1g

### 'Hadspen Blue' (x)

- **Height:** 45 cm
- **Zones:** 3
- **Season:** summer

Clean, blue green leaves. Broadly ovate with a flat margin. Medium.

1g

### Halcyon (tardiana)

- **Height:** 45 cm
- **Zones:** 3
- **Season:** summer

Leaves are frosty blue-green and pointed. Pale blue-violet flowers. Medium.

1g

### Hudson Bay (x)

- **Height:** 60 cm
- **Zones:** 3
- **Season:** summer

Tricolour leaves. Bright blue margin, apple green jetting and creamy white center. Purple flowers. Large.

1g

### June (tardiana)

- **Height:** 45 cm
- **Zones:** 3
- **Season:** summer

Pointed, ovate leaves have distinct beautiful variegation. Wide, streaked blue-green margins and chartreuse centers. Pale, bluish-lavender flowers. Medium.

1g
**perennials**

</table>
Royal Standard (plantaginea)

Narrow, oval medium green leaves with highly fragrant, white flowers that bloom in late summer. Large.
1g

Sagae (x)

A classic. Large, green leaves and thin, creamy margin and strong rippling. Large.
1g

Stained Glass (x)

A sport of Guacamole, this hosta has an irregular, medium green margin which streaks into the lime-green centre. Improved sun tolerance. Large.
1g

Striptease (x)

Pointy, ovate green leaves with a distinct narrow gold centre and white streaking between centre and margin. Large.
1g

Sum & Substance (x)

Broadly ovate leaves vary from light green to chartreuse to gold depending on degree of sun exposure. Corrugated and glossy foliage. Pale lavender flowers. Extra-large.
1g

Touch of Class (x)

Thick, pointy, blue-green with pale yellow centre. Pale lavender flowers. Medium.
1g
perennials

Wide Brim (x)

Dark green leaves with wide, irregular margins of buttery yellow. Purple flower. Medium.
1g

IBERIS

sempervirens 'Alexander's White'

Candytuft

Compact with dark green leaves and dense, rounded clusters of pure white flowers.
2g

IRIS (GERMANICA VARIETIES)

Harvest of Memories

Yellow Bearded Iris

Fragrant, all-yellow Iris with widely ruffled petals. Vigorous grower.
1g

Immortality

White Bearded Iris

Ruffled, soft white petals with pale, lemon-yellow beards. Strong, sweet fragrance.
1g

'Superstition' NEW

Dark Purple Bearded Iris

Fragrant and large stunning ruffled, dark purple near black flowers
1g

IRIS (PALLIDA VARIETIES)

Argentea Variegata

Variegated Sweet Iris

Green leaves with broad white variegation. Lavender blue, fragrant flowers.
1g
IRIS (SIBERICA VARIETIES)

Butter and Sugar
**Siberian Iris**

White flower, pale yellow falls. Blue green leaves that are upright and slender. Fairly drought tolerant.
1g

Caesar's Brother
**Siberian Iris**

Deep purple petals with yellow and white blaze with black veining. Tall foliage remains beautiful until frost.
1g

Ruffled Velvet
**Siberian Iris**

Red-purple standards, darker purple, velvety falls and a black and gold blaze.
1g

‘White Swirl’
**Siberian Iris**

This taller selection has clear white, late spring flowers. Tolerant of wet sites. Cut foliage back in late fall.
1g

LAVANDULA

angustifolia 'Hidcote'
**Hidcote English Lavender**

Semi-woody plant with narrow grey-green leaves on square stems. Deep purple-blue flowers. Both foliage and flowers are aromatic.
1g

angustifolia 'Munstead'
**Munstead Old English Lavender**

A dwarf and hardy strain of this popular herb. Compact, green foliage is topped with fragrant spikes of blue flowers.
1g
**LEUCANTHEMUM**

**superbum 'Alaska'**  
*Alaska Shasta Daisy*

Single flower heads with classic white rays and yellow center disks. Coarsely toothed, lance-shaped, dark green leaves. Does not require staking.

1g

**superbum 'Becky'**  
*Becky Shasta Daisy*

Very large single white blooms atop strong stems. 2003 Plant of the Year. No staking required.

1g

**superbum 'Snowcap'**  
*Snowcap Shasta Daisy*

Semi to full double, white blooms with light yellow eye. Green leaves.

1g

**LIATRIS**

**spicata 'Floristan White'**  
*Floristan White Blazing Star Gayfeather*

Multiple wands of creamy white flowers above narrow leaves. Strong vertical accent for the garden.

1g

**spicata 'Kobold'**  
*Dwarf Blazing Star Gayfeather*

Low clump of grass-like leaves. Flowers are tall spikes of bright magenta-purple. Drought tolerant.

1g

**LIGULARIA**

**dentata 'Britt Marie Crawford'**  
*Britt Marie Crawford Ligularia*

Rounded burgundy leaves with purple undersides. Golden daisy-like blooms contrast well with foliage.

1g
**stenocephala 'The Rocket'**  
*The Rocket Ligularia*

![Image](Image1)  
1.8m  
Z4  
summer

Clump of large, jagged-edged green leaves. Purplish black stems bearing long spikes of bright-yellow daisy flowers. Needs a moist location.  
1g

**LOBELIA**

**cardinalis**  
*Cardinal Flower (Native)*

![Image](Image2)  
1.2m  
Z4  
summer

Upright mound of green foliage. Taller spikes of scarlet-red flowers. Attracts hummingbirds and butterflies.  
1g

**siphilitica 'Great Blue' NEW**  
*Giant Blue Lobelia*

![Image](Image3)  
90cm  
Z4  
summer

North American native plant. Upright perennial producing long lasting spikes of bright blue flowers.  
1g

**MONARDA**

**didyma 'Blue Stocking'**  
*Blue Stocking Beebalm*

![Image](Image4)  
1m  
Z3  
summer

Flower globes open to reveal two-lipped blooms that are brilliant bright violet blue. Mildew resistant and long blooming.  
1g

**didyma 'Gardenview Scarlet'**  
*Gardenview Scarlet Beebalm*

![Image](Image5)  
1.2m  
Z3  
summer

Tubular two-lipped rose-red flowers atop square stems. Showy, red-tinged, leafy bracts. Toothed, aromatic leaves.  
1g

**didyma 'Petite Delight'**  
*Petite Delight Beebalm*

![Image](Image6)  
30cm  
Z3  
summer

Dense heads of fragrant medium pink, tubular flowers on square stems. Dark green serrated leaves.  
1g
### NEPETA

**faassenii 'Walker's Low'**  
*Walker's Low Catmint*

- **Height**: 40 cm  
- **Season**: spring/summer

Mounded and bushy habit with small grey-green fragrant leaves. Masses of bright-blue flowers on short spikes.  
1g

**x faassenii 'Purrsian Blue'**  
*Purrsian Blue Catmint*

- **Height**: 40 cm  
- **Season**: summer/fall

Rounded habit usually doubles its width in second year. Periwinkle flowers, drought and deer resistant, long blooming.  
1g

### OENOTHERA

**macrocarpa (missouriensis)**  
*Ozark Sundrops*

- **Height**: 20 cm  
- **Season**: summer

Large, four petaled, mildly fragrant bright yellow flowers.  
1g

### PAEONIA (GARDEN)

**lactiflora 'Bowl of Beauty'**  
*(semi-double pink)*

- **Height**: 75 cm  
- **Season**: spring/summer

Japanese style, large, single flower of bright rose pink with contrasting creamy-yellow centre.  
2g

**lactiflora 'Duchesse de Nemours'**  
*(double white)*

- **Height**: 1 m  
- **Season**: spring/summer

Fragrant, large, double white flowers with glossy green foliage.  
2g

**lactiflora 'Gay Paree'**  
*(semi-double pink-white)*  
**NEW**

- **Height**: 90 cm  
- **Season**: spring/summer

Japanese style, rose pink outer petals around a creamy white centre. Fragrant and late flowering.  
2g
lactiflora 'Karl Rosenfeld' *(double dark pink-red)*

Large, red double blooms on sturdy, erect stems. Blooms in late spring.

2g

lactiflora 'Sarah Bernhardt' *(double pale pink)*

Gigantic, double, apple blossom pink flowers. Fragrant.

2g

x intersectional 'Bartzella' *(semi-double yellow Itoh)*

Semi-double pastel yellow flowers with small rose purple flare in centre. Sweet fragrance. Cross between garden and woody tree type peonia.

2g

---

**PAPAVER**

**PAPAVER orientale 'Beauty of Livermere'**  
*Red Oriental Poppy*

Tall, strong-stemmed Poppy with large pillar-box red flowers splashed with black. Each flower has a dark, velvety center.

1g

**PAPAVER orientale 'Royal Wedding'**  
*White Oriental Poppy*

Big blooms, white petals with black-purple eye zone.

1g

---

**PENSTEMON**

**PENSTEMON digitalis 'Husker's Red'**  
*Husker Red Smooth Beard Tongue*

Sturdy mound of leaves, beet-red turning greener in summer. Upright stems of very pale-pink tubular flowers.

1g

**subulata 'Blue Emerald Cushion'**  
*Blue Creeping Phlox*

Attractive evergreen perennial ground cover with lavender blue flowers in early spring.  
1g

**subulata 'Candy Stripe' NEW**  
*Pink & White Creeping Phlox*

Masses of candy pink and white striped flowers in early spring.  
1g

**subulata 'Early Spring White' NEW**  
*White Creeping Phlox*

White flowers for three to four weeks in early spring. Front of the border plant.  
1g

**subulata 'Pink Emerald Cushion'**  
*Pink Creeping Phlox*

Vigorous variety with a showy display of deep pink flowers. Excellent disease resistance.  
1g

**POLYGONATUM**

**multiflorum**  
*Solomon's Seal*

Graceful, arching stems of large, dark green, oval leaves. Stems are strung with clusters of green-edged, white flowers that hang like little bells. Small, black fruit.  
1g

**multiflorum 'Variegatum'**  
*Variegated Solomon's Seal*

This selection has green leaves streaked with creamy-white and dangling white bell flowers.  
1g
perennials

PULMONARIA

saccharata 'Mrs Moon'
*Mrs Moon Bethlehem Sage*

Light pink buds that open to clusters of bright blue bells. The green leaves are heavily spotted in silver.
1g

PULSATILLA (SEE ANEMONE)

RODGERSIA

pinnata 'Bronze Peacock'
*Rodger's Flower*

Darkest foliage of any Rodgersia. Thick, glossy, bronze leaves. Pink flowers in late spring. Seed heads are showy and long-lasting.
1g

RUDBECKIA

fulgida 'Goldsturm'
*Goldstrum Coneflower*

Greenlife is no longer stocking Goldsturm, due to Angular Leaf Spot disease. The replacement is Rudbeckia 'Little Gold Star'.

fulgida var. sullivantii 'Little Gold Star'
*Black-eyed Susan*

1g

SALVIA

nemerosa 'Caradonna'
*Caradonna Perennial Sage*

Purple-black stems with felt like foliage. Tall purple-blue flower spikes in early summer. Deadhead for repeat bloom.
1g

nemerosa 'May Night'
*May Night Perennial Sage*

Dense spikes of dark violet flowers. Flowers larger than other types. 1997 Perennial of the Year.
1g

**spectabile 'Matrona'**
**Stonecrop**

![Image](image1.png)

Upright and sturdy, this variety has pale pink flowers on ebony-red stems. Deep grey-green foliage.

1g

**STACHYS**

**byzantia 'Helene Von Stein'**
**Big Ears Lamb's Ear**

![Image](image2.png)

Silver-green, velvety leaves. Rarely flowering variety.

1g

**officinalis 'Hummelo' NEW**
**Alpine Betony**

![Image](image3.png)

Clump forming a low mound of green foliage. Spikes of bright purple flowers in early summer. 2019 Perennial Plant of the Year.

1g

**TIARELLA**

**cordifolia**
**Foam Flower**

![Image](image4.png)

Semi-glossy, heart-shaped leaves. Reddish variegation along veins. White flowers on long stems in spring.

1g

**TRADESCANTIA**

**andersoniana 'Sweet Kate'**
**Blue and Gold Spiderwort**

![Image](image5.png)

Unique chartreuse-yellow foliage and unusual deep-blue flowers. Eye catching accent.

1g

**x andersoniana 'Concord Grape'**
**Concord Grape Spiderwort**

![Image](image6.png)

Clump form with blue-green foliage. Large clusters of purple flowers.

1g
VERONICA

peduncularis 'Georgia Blue'
*Creeping Speedwell*

Low creeping mat of deep green leaves that turn bronze in fall. Small sapphire-blue flowers in spring.

1g

x 'Royal Candles'
*Royal Candles Speedwell*

Low bushy mound of dark green leaves with short bright blue flower spikes. Rebloomer in fall if dead headed.

1g

White Wands
*White Wands Speedwell*

Taller variety than previous two. Large white flower spikes with dark green glossy leaves.

1g
**AJUGA**

**reptans 'Black Scallop'**  
Black Scallop Bugleweed

Glossy, purple-black leaves with a crinkly or scalloped texture. Short spikes of deep blue flowers.  
9cm

**reptans 'Bronze Beauty'**  
Bronze Beauty Bugleweed

Medium sized, rounded leaves in an attractive bronzy-brown shade. Short spikes of deep blue flowers.  
9cm

**reptans 'Burgundy Glow' NEW**  
Burgundy Glow Bugleweed

Leaves dappled in green, cream and smoky pink. Spikes of blue flowers in spring.  
9cm

**CONVALLARIA**

**majalis**  
Lily of the Valley

Fragrant, white bell-shaped flowers. Poisonous.  
1g

**CORNUS**

**canadensis**  
Bunchberry

Glossy dark-green leaves in summer, reddish in fall and tiny white clusters of flowers.  
9cm
GALIUM

odoratum
Sweet Woodruff

Spreading clump of small green leaves, whorled-like spokes around the stem. Clusters of tiny white flowers.
6cm

GAULTHERIA

procumbens
Wintergreen

Native wildflower forms a low spreading mat of rounded, glossy green leaves. Small soft-pink bell flowers followed by large scarlet berries.
1g

LAMIUM

maculatum 'Beacon Silver'
Beacon Silver Creeping Lamium

Spreading patch of small silver leaves with a narrow green edge. Clusters of bright pink flowers.
9cm

maculatum 'White Nancy'
White Nancy Creeping Lamium

Small silver leaves with a narrow green edge. Clusters of pure white flowers.
9cm

LYSIMACHIA

nummularia (punctata)
Creeping Jenny/Moneywort

Low mat of butter-yellow leaves, bearing bright, golden-yellow flowers.
9cm

nummularia (punctata) 'Aurea'
Golden Creeping Jenny/Moneywort

More restrained growth but same low mat of butter-yellow leaves with bright golden-yellow flowers.
9cm
PACHYSANDRA

**terminalis**
*Japanese Spurge*

Attractive low patch of shiny dark-green leaves with clusters of white flowers.
100pc flat
9cm

SEDUM

**reflexum 'Angelina'**
*Angelina Stonecrop*

Spruce like succulent with yellow foliage. Foliage turns reddish-orange in the fall.
1g

**subulata (verna)**
*Pearlwort/Irish Moss*

Very low moss-like carpet of bright, neon-yellow foliage. Tiny little white flowers in late spring.
9cm

**'Dazzleberry'**
*Dazzleberry Stonecrop*

Smokey blue foliage and hot pink blooms that flower earlier than other stonecrops. Spreading habit.
1g

**spurium 'Dragon's Blood'**
*Dragon's Blood Stonecrop*

Red margined green leaves become brilliantly red with cool fall temperatures. Deep red flowers contrast with green leaves in warm weather.
9cm

SAGINA

**subulata (verna)**
*Golden Pearlwort/Scotch Moss*

Creeping moss-like carpet of bright, neon-yellow foliage. Tiny little white flowers in late spring.
9cm
'Firecracker'
Firecracker Stonecrop

Groundcover type for front of border. Compact mound of shiny, red foliage with large pink flower heads.
1g

spurium 'John Creech'
Green Creeping Stonecrop

Green leaves with small clusters of mauve-pink flowers in summer. Tolerates poor soil if good drainage.
9cm

'Lime Zinger'
Lime Zinger Stonecrop

Groundcover type with lime green leaves edged in bright cherry red in late summer. Soft pink flower heads.
1g

spurium 'Voodoo'
Purple Creeping Stonecrop

Deep mahogany-red leaves and rosy-red flowers in summer.
9cm

kamtchaticum 'Variegatum'
Variegated Creeping Stonecrop

Yellow flowers in early summer, variegated leaves. Drought tolerant and easy to grow.
9cm

SEMPERVIVUM

Hens and Chicks
Hens and Chicks

Low rosettes of fleshy leaves. Available in red, black and green.
1g
**THYMUS**

**praecox 'Elfin'
Elfin Creeping Thyme**

Foliage is grey-green, smothered in soft-pink flowers in early summer. Fragrant, slower growing form.

9cm

**pseudolanginosus
Woolly Thyme**

Low creeping species with fuzzy grey-green foliage, sometimes has soft-pink flowers. Fragrant.

9cm

**serpyllum/
praecox 'Coccineus'
Mother of Thyme**

Dark green foliage smothered with reddish-purple flowers in early summer. Fragrant.

9cm

**VINCA**

**minor
Periwinkle/Myrtle**

Popular groundcover, forms thick mat of glossy, evergreen leaves, studded with periwinkle-blue flowers. Quick to grow, prune in late summer to thicken them out.

6cm

9cm
ANDROPOGON

gerardii

*Big Blue Stem*

Native North American prairie-grass. Foliage is blue-green in summer turning red, orange & purple in fall with a narrow to medium blade. Very drought-tolerant.

1g

gerardii 'Red October'

*Red October Blue Stem*

Foliage emerges with streaks of red, fades to blue green and takes on brilliant red fall colour at frost. Slightly more compact than the species.

1g

BOUTELOUA

*gracillis*

*Mosquito Grass*

Tufted habit with very thin grey-green leaves and unusual spikes of bristly flowers that look like crescent moons perched on the end of the flower stem. Divide in early spring.

1g

CALAMAGROSTIS

*acutiflora 'Avalanche'*

*Variegated Feather Reed Grass*

Variegated form of 'Karl Foerster'. Deep green leaves with a wide, white stripe down the center. Has an upright clumping habit.

1g

*acutiflora 'Eldorado'*

*Variegated Feather Reed Grass*

Clump forming. Foliage is medium green with a narrow blade width. Flowers are bronze and arching.

1g

*acutiflora 'Karl Foerster'*

*Foerster's Feather Reed Grass*

Strongly upright clumps of grass with a narrow habit. White flower heads fade to pink and are followed by tan seed heads.

1g

2g
ornamental grasses

**acutiflora 'Overdam'**
**Variegated Feather Reed Grass**

1.2m
Z4 summer/fall

Smaller clump form of Karl Foerster with variegated green & white leaves. Soft feathery greenish-mauve plumes in summer, matures to stiff wheat-coloured spikes in winter.

1g

**brachtytricha**
**Korean Feather Reed Grass**

90cm
Z4 summer/fall

Large, pink-white bottlebrush blooms. Similar to Karl Foerster but with a more showy display of flowers.

1g

**CAREX**

**Blue Zinger**
**Blue Sedge Grass**

45cm
Z5 spring/summer

Steel blue clumps and softly cascading foliage makes for a nice edger. Will spread slowly to form a groundcover. Will tolerate wet and/or shade well.

1g

**elata 'Bowles'**
**Golden Sedge**

80cm
Z5 spring/summer

Striking golden leaves with a thin green margin. 1g

**morrowii 'Ice Dance'**
**Ice Dance Sedge**

25cm
Z5 spring/summer

Low tufted mound of dark green grassy leaves each edged with bright white. Small spikes of brownish flowers appear in late spring.

1g

**DESHAMPSIA**

**caespitosa**
**Tufted Hair Grass**

90cm
Z3 spring/summer

Tufted hair grass is clump-forming. Dark green foliage with bronze arching flowers in summer. Tones of gold, silver, purple and green can occur at the same time.

1g
FESTUCA

glaucia 'Elijah Blue'
Elijah Blue Fescue

25cm

Low growing, clump-forming and noted for its glaucous, finely-textured, silver-blue foliage. Retains its colour all season. Tan spikes appear in early summer. One of the best of the blue fescues.

1g

HAKONECHLOA

macra 'All Gold'
Golden Japanese Forest Grass

30cm

Low mound of arching stems. Narrow leaves are pure golden-yellow. A real stand out in the shade garden.

1g

macra 'Auerola'
Variegated Japanese Forest Grass (gold)

45cm

Low mound of arching stems with cascading layers of narrow leaves striped bright yellow and green, slow growing. Creeper but never invasive.

1g

macra 'Beni-Kaze'
Green Japanese Forest Grass

40cm

Low mound of all green, arching stems. Leaves begin to get red tips by mid-summer and becomes all purple-red by fall.

1g

HELICOTRICHON

sempervirens 'Sapphire'
Sapphire Blue Oat Grass

90cm

Dome-shaped clumps of steel-blue leaves which tend to widen as they mature. Small tan seed heads appear in summer. Non spreader and trim in spring.

1g

IMPERATA

cylindrica 'Red Baron'
Red Baron Japanese Blood Grass

45cm

Dramatic grass that slowly forms a low clump. Leaves are green at the base with red tips that become more intense over the summer and fall.

1g
ornamental grasses

**MISCANTHUS**

**sinensis (floridulus) 'Giganteus'**
*Giant Silver Grass*

Very tall and wide clump remains upright even through the winter. Green leaves arch gracefully in layers. Reddish-pink flowers in late fall, turning silvery.

- 3m
- Z4
- Fall

- 2g
- 5g

**sinensis (oligostachyus) 'Purpureascens'**
*Orange Flame Grass*

Compact clump with dark green leaves turning to brilliant orange-red and bronze in the fall. Tall spikes of very soft-pink flowers develop into silvery plumes that stay all winter long.

- 1.5m
- Z4
- Summer

- 1g
- 2g

**sinensis 'Gracillimus'**
*Japanese Silver Maiden Grass*

Upright mound of narrow leaves with white mid-ribs and a vase-like form. Bronze plumes in late fall. Foliage turns a light tan in winter.

- 2.1m
- Z5
- Fall

- 1g

**sinensis 'Huron Sunrise'**
*Huron Sunrise Maiden Grass*

Abundant, burgundy blooms appear in late summer over dark green leaves.

- 1.5m
- Z5
- Fall

- 1g

**sinensis 'Morning Light'**
*Morning Light Maiden Grass*

Late bloomer and variegated look add interest to the landscape when not in bloom. Pink flower heads bloom in early September through to frost.

- 1.5m
- Z5
- Fall

- 1g

**sinensis 'Strictus'**
*Porcupine Grass*

Upright, stiff grass with leaves that stretch skyward instead of arching downward like Zebrinus. Distinctive yellowish-white, horizontal banding on green leaves. Needs a long, hot growing season to produce flowers.

- 2.4m
- Z4
- Fall

- 1g
ornamental grasses

**sinensis 'Variegatus'
Variegated Silver Grass**

Leaves are green and white striped with white being the predominant colour. Cascading habit and mature specimens sometimes need staking. Plumes are reddish-pink later turning silver.

1g

**sinensis 'Zebrinus'
Zebra Grass**

Distinctive yellowish-white, horizontal banding on the leaves. Plumes are a spectacular pinkish copper. More arching than 'Strictus'.

1g

**Molinia caerulea 'Variegata'
Variegated Purple Moor Grass**

Variegated form. Clump forming, tufted green and white foliage. Pendulous, rich-coloured reddish purple panicles.

1g

**Panicum**

**virgatum
Switch Grass**

Wide clump of narrow green leaves, airy clouds of flowers give way to reddish seed heads that turn golden brown in fall.

1g

**virgatum 'Heavy Metal'
Blue Switch Grass**

Upright clump of powdery-blue leaves bearing airy heads of tiny green flowers in late summer. Leaf tips turn burgundy in fall.

1g

**virgatum 'Northwind'
Northwind Switchgrass**

2014 Perennial of the Year. An outstanding grass with an incredibly upright habit. Leaves have broad blades and forms an impressive, tight upright clump.

1g
ornamental grasses

**virgatum 'Ruby Ribbons'
Red Switch Grass**

This tall grass forms an upright clump of blue-green leaves that develop red blooms in late summer.
1g

**virgatum 'Shenandoah'
Red Switch Grass**

Upright clump of green leaves with distinctive red tips appearing in midsummer. Airy heads of tiny reddish flowers in August. Deep purple-red fall colour.
1g

**PENNISETUM**

**alopecuroides 'Hameln'
Dwarf Fountain Grass**

1g

**alopecuroides 'Little Bunny'
Little Bunny Fountain Grass**

Miniature fountain grass. Cream-coloured, tufted seed heads look like a bunch of bunny tails dancing above the dense clump of dark green foliage.
1g

**setaceum 'Rubrum' (annual)
Purple Fountain Grass**

Annual grass seen frequently in containers. Deep burgundy-purple leaves with arching bottlebrush flowers that change from red to tan.
1g
### SCHIZACHYRIUM

**scoparium**  
*Little Blue Stem*

- **Height:** 1.2m
- **Zones:** Z3
- **Blooming:** Summer/Fall

Native to the prairies, this dainty grass displays upright, delicate flowers over thin blue-green foliage that takes on orange, red and burgundy fall colour.

1g

### SESLERIA

**autumnalis**  
*Autumn Moor Grass*

- **Height:** 30cm
- **Zones:** Z5
- **Blooming:** Summer/Fall

This semi-evergreen, cool-season grass makes an attractive clump of rich green leaves that are a nice backdrop for its silvery flowerheads.

1g

### SPOROBOLUS

**heterolepis**  
*Prairie Dropseed*

- **Height:** 60cm
- **Zones:** Z4
- **Blooming:** Fall

Finely textured, green leaves turn golden yellow in fall. Slow growing and clump-forming. Cloudy panicles of fragrant, pale pink to tawny flowers in late summer.

1g

Size and weight are estimates only. Some species may be dug into larger or smaller baskets due to root growth or seasonal conditions at time of digging.

**METRIC – IMPERIAL CONVERSIONS FOR CALIPER TREES**

Measurements in the metric system are taken at 15 cm (6") above ground, up to 100 mm cal., or 10 cm above the bud union where applicable. From 125 mm and up, measurements are taken at 30 cm above the ground.
